

# FSA Worksheets

How much you save depends on how much you spend on health and dependent care, and on your tax situation.

To estimate your expenses and see for yourself how your savings can add up, use the savings calculators at:

[client.benefitadminsolutions.com/fsaestimator/](http://client.benefitadminsolutions.com/fsaestimator/) for the Health FSA, and at [benefitadminsolutions.com/dcapestimator/calculatedcap.aspx](http://benefitadminsolutions.com/dcapestimator/calculatedcap.aspx) for the Dependent Care FSA.

If you prefer, use the worksheets below to determine how much to contribute to your account(s). Calculate the amount you expect to pay during the plan year for eligible out-of-pocket medical and/or dependent care expenses. This calculated amount cannot exceed established IRS and plan limits.

**Be conservative in your estimates, since any money remaining in your accounts cannot be returned to you.**
