Important Things To Know About Making An Election Change Request For This Event

- 1. *What documentation is required?*** Documentation validating the death (newspaper article, obituary, death certificate). If requesting a plan change, documentation of the coverage under the other plan is required to ensure consistency.
- 2. *How to submit the request.*** Starting with the date of the child's death, you have 60 calendar days to use EmployeeDirect, or complete a paper Enrollment Form and submit it to your agency's Benefits Administrator.
- 3. *When approved changes take effect.*** Changes in *health care coverage* are effective the first of the month following the child's death. Changes in *flexible reimbursement accounts* are effective the first of the month following receipt of your request or following the event, whichever is later. When the later date is the first of the month, changes are effective that day. Health Insurance and FSA elections are separate elections and may be submitted together or separately within the allotted timeframe. Changes are irrevocable once the effective date of the change has occurred.
